

# 2020 GDS Price List

Effective August 1, 2020

## Flatbed Scanning

**Flatbed Scanning** – Our flatbed scanning service converts large paper floor plans to PDF through the use of a large format scanner and software that optimizes the scanned image. Plans that are yellowed or deteriorated are cleaned-up and saved to a thumb drive and to the GDS Vault. The GDS Vault app allows for viewing of your plans through any mobile or desktop device for those who are authorized.

We use the Oce Plotwave 365 for color and black & white scanning. We also have a Colortrac SmartLF 36" mobile scanner. Both scanners are fast and accurate.
